OUR WORK AND AIM

The CLAC (Campus Legal Aid Clinic) launched in 2015 to deepen the academic knowledge of law students. At the same time, it provides professional and monitored legal advice in the follow-up questions to the students of the University of Pécs.

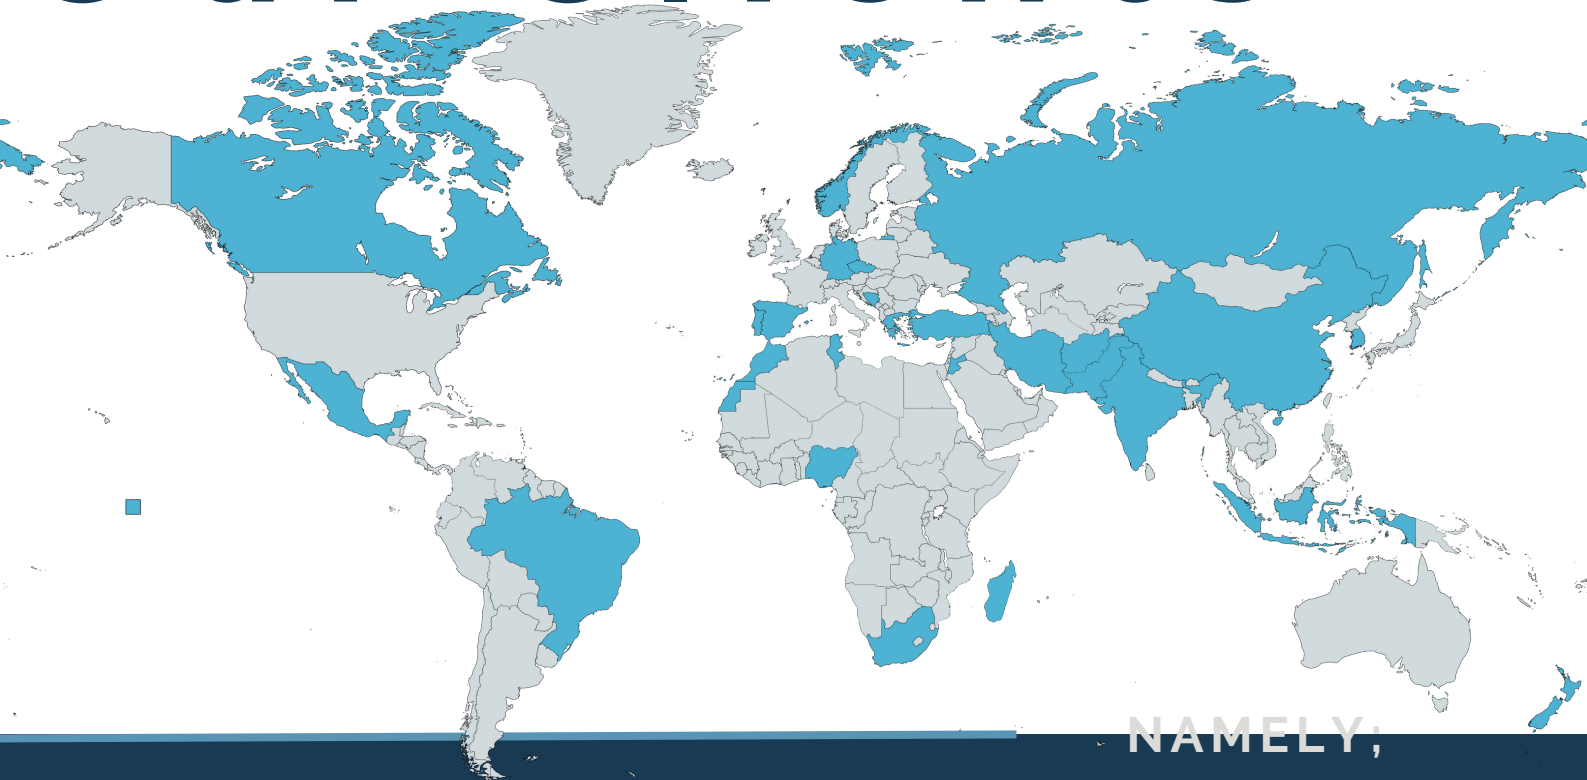

In our program, we want to offer legal help for every student of the UP. As we specialized in international students, we can deal with cases in English or German language, which unique in Hungary. There is no other student organisation in the country which takes care of the legal problems of foreign students. Our goal is to make the days of students easier here in the UP. So they only have to be concerned about studying.
